

# OCTOBER 2024

## National Veterinary Technician Week: October 13-19th

What would we do without our outstanding Registered Veterinary Technicians and Assistants? Join us in celebrating all they do for our patients, clients, and team. Take time to check in as we celebrate their success on our socials. Make sure to let them know how much you appreciate them!

## Keep the CREEPY CRAWLIES from getting into your home this Fall

Dogs and cats should be on prevention year round, especially as the temperature drops. It just isn't cold enough to kill these parasites and this is the time of the year they go inside homes to seek warmth. These creepy crawlies are working to get inside your warm home. The problem is their next meal is courtesy of your beloved pet.

## Do you have a scaredy cat?

Bonqat is now available to alleviate acute anxiety and fear during veterinary visits! It is a FDA approved non-sedative liquid for our feline friends that are more nervous when they come to see us.
